

Hello Grown-ups!

Kindergarten will be taking a field trip to the Upper Darby Performing Arts Center to see **Magic School Bus-Lost in the Solar System** on April 24, 2020. It will be a fun and educational show that the kids will love!

Both afternoon and morning kindergarten students must report to school by 9:00 AM that day and be taken by bus to the theater. The show starts at 10 and is estimated to be one hour. Students will be transported by bus back to Manoa and morning kindergartners who are bus or aftercare will follow their regular plan. Afternoon kindergartners will be dismissed from the back door at 11:30 that day. **There will be no afternoon kindergarten.** *\*if your child is an afternoon PM Kindergarten student and you can arrange aftercare switch, please arrange this with transportation and communicate this to your teacher.*

The cost of the trip is \$17.00 which includes the show and transportation. Please return a check made payable to: **School District of Haverford Township** by January 17th. *In the memo, please write Manoa-Kindergarten. You may also submit exact cash.*

Due to limited seating in the theater for our group we will be taking chaperones on a first come, first serve basis. **The cost for your adult ticket will be \$14.00.** There may not be space on the bus so please know that you *may* have to meet us at the theater at the address below (carpooling is encouraged as parking is limited):

Upper Darby Performing Arts Center  
601 N Lansdowne Ave  
Drexel Hill, PA 19026

**PLEASE** do not include chaperone money with your child's money. We will let you know to send in a check/cash when you are notified that you are a chaperone. **Your clearances MUST be on file in the office to be a chaperone.**

We ask for safety reasons for students to be picked up from school rather than go home with an adult from the theater. Unless your child goes to an aftercare program, please have them keep their book bag at home.

Looking forward to a great trip!  
Please let us know if you have any questions,
