

Kindergarten Summer Homework Packet

A review of kindergarten skills
to keep the mind active prior
to going into first grade.

Dear parents and families,

I am so proud of each and every one of the kindergartners this year and I have appreciated every minute I have spent with them. We have all worked so hard and learned so much throughout the year. I am sending home this homework packet and I strongly encourage you to set aside a few minutes each day to do the fun daily activities. This packet was made as a review tool but for those children that are ready to "go further" please do so!

I hope you all have a safe and happy summer!

Best wishes,

Kindergarten Team

PRACTICING SIGHT WORDS AT HOME

USE PLASTIC LETTERS

Using a set of plastic letters, have your child put the letters on a cookie sheet or refrigerator to make the word, then read it.

FUNNY VOICES

As you go through the stack of sight word cards, ask your child to read in the following voices: baby, robot (monotone), goofy, scary, mad, old, crying.

HIGHLIGHT

Have your child go through a poem, newspaper, or book and highlight the sight words. If you didn't want to use a highlighter they could use pipe cleaners to underline or circle the words.

FLYSWATTER

Write the words on index cards. Spread the cards out on a table or the floor. Call out a word and have your child hit the word with a flyswatter.

SENSORY WRITING

Write the words in shaving cream, sand, salt or chocolate pudding.

Play dough

Have your child make the words out of play dough. You could even make your own play dough and include some math review at the same time!

SIDEWALK CHALK

Use sidewalk chalk to write sight words on the sidewalk, driveway, etc. Call out a sight word and have your child jump on the word.
